Independent Auditor's Report

**Most Reverend Edward C. Malesic, JCL
Bishop of the Diocese of Greensburg
Chairperson of the Members
The Catholic Foundation for the
Diocese of Greensburg, Pennsylvania**

We have audited the accompanying financial statements of The Catholic Foundation for the Diocese of Greensburg, Pennsylvania (Foundation), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities and cash

flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management of the Foundation is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Most Reverend Edward C. Malesic, JCL
Bishop of the Diocese of Greensburg
Chairperson of the Members
The Catholic Foundation for the Diocese of Greensburg, Pennsylvania
Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, the Foundation adopted ASU 2016-14, "*Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*," which amends the requirements for financial statements for nonprofit entities. The amendment changes how a nonprofit organization classifies net assets and provides information in its financial statements and notes about its financial performance, cash flow, and liquidity, among other requirements. Our opinion is not modified with respect to this matter.

THE CATHOLIC FOUNDATION FOR THE DIOCESE OF GREENSBURG, PENNSYLVANIA

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

1. Summary of Significant Accounting Policies

Organization

The Catholic Foundation for the Diocese of Greensburg, Pennsylvania (Foundation) operates under provisions of the Articles of Incorporation dated October 2, 1986. The Foundation, through its philanthropic initiatives that are rooted in Gospel values and in the teaching of the Catholic Church, raises funds, awards grants, and stewards assets in order to advance the mission of the Roman Catholic Diocese of Greensburg to proclaim in word and action the Gospel of Jesus Christ and to build up the kingdom of God on earth.

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting as required by accounting principles generally accepted in the United States of America (GAAP). Accordingly, revenues are recorded when earned and expenses are recognized when the liabilities are incurred.

Resources are classified for accounting and reporting purposes into classes of net assets based on the existence of donor- or grantor-imposed restrictions. The Foundation reports gifts of cash and other assets as contributions with donor restrictions if they are received with donor stipulations that limit the use of the assets. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as "net assets released from restrictions." Certain restricted assets are maintained in the Foundation in perpetuity.

Donations and Bequests

When the Foundation is named beneficiary of estates or trusts, income is recorded at the time the assets are received.

Investments

The Foundation has two managed balanced portfolios, consisting principally of common stocks, preferred stocks, corporate and government bonds, and mutual funds, which are recorded at fair value. Realized gains and losses are computed using the specific

identification method. Individual parishes, schools, and related Diocesan institutions are permitted to establish separate endowments within these managed portfolios. The fair value of these portfolios were \$76,943,403 and \$73,780,748 at June 30, 2019 and 2018, respectively.

The Foundation has six investment portfolios held and managed by Janney Montgomery that are related to individual donor gifts. The fair value of these investments was \$224,057 and \$281,198 at June 30, 2019 and 2018, respectively. The Foundation also has an amount invested in a pooled fund held by PNC that is related to one donor gift. The fair value of this investment is \$0 and \$116,780 at June 30, 2019 and 2018, respectively, as the gift was deposited into the managed portfolios during the year.

The Diocese is also the beneficiary of a perpetual trust which is invested in a managed balanced portfolio, consisting principally of common stocks, preferred stocks, and commercial paper, which are recorded at fair value in order to meet the investment objectives of the Foundation. Income from the trust is to be used for the education and training of priests in Westmoreland County. The fair value of the Diocese's interest was \$1,318,535 and \$1,297,299 at June 30, 2019 and 2018, respectively.

Appreciation (Depreciation)

Investment gains (losses) are added to the principal of all Foundation funds. Interest and dividend earnings are reported as either with restrictions or without restrictions, depending upon stipulations made by the donor.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Income Taxes

The Foundation is listed in the Official Catholic Directory (OCD). All organizations listed in the OCD are exempt from federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code. In accordance with GAAP, the Foundation accounts for

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

uncertain tax positions, if any, as required. Using this guidance, management has determined that there are no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Statements of Cash Flows

Cash and cash equivalents include currency on hand and demand deposits with financial institutions. Investments in mutual funds and government agency investments are not considered cash equivalents.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

Endowments

The Foundation's endowments consist of approximately 200 individual funds established for a variety of purposes. Its endowments include both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Designated endowment funds include \$9,734,042 and \$9,096,778 at June 30, 2019 and 2018, respectively, for post-employment retirement benefits for priests. These funds represent the cumulative excess of billings and investment earnings over retiree health insurance costs. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The endowments within the Managed Balanced Portfolios of the financial statements of the Foundation have adopted the Total Return Spending Policy (TRSP). The TRSP suggests an amount to be distributed which is designed to allow for a reasonable stream of distributions, while preserving the value of the endowment against inflation and a volatile market. The calculation applies an applicable distribution percentage (based on investment allocation of the endowment) to the average value of the endowment over a period of 12 calendar quarters. The distribution percentage was 4.75% for the fiscal years ended June 30, 2019 and 2018. All other endowments may elect to have interest and dividend income distributed to their beneficiaries if the corpus of the endowment is greater than \$10,000.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

Adoption of Pronouncement

For the year ended June 30, 2019, the Foundation adopted ASU 2016-14, “*Not for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*,” which aims to improve how a nonprofit organization classifies its net assets and provides information in its financial statements and notes about its financial performance, cash flow, and liquidity. The implementation of this standard was applied retrospectively to the comparative amounts presented for the year ended June 30, 2018.

Beginning net assets for 2019 and 2018 that were previously reported as unrestricted have been reflected as net assets without donor restrictions. Beginning net assets for 2019 and 2018 that were previously reported as temporarily restricted or permanently restricted have been reflected as net assets with donor restrictions.

Pending Accounting Pronouncement

The Financial Accounting Standards Board (FASB) has issued a statement that will become effective for fiscal year ending June 30, 2021, ASU 2018-13 (Changes to the Disclosure Requirements for Fair Value Measurement). Management has not yet determined the impact of this statement on the Foundation’s financial statements.

2. Fair Value

In accordance with accounting requirements, guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices to active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

THE CATHOLIC FOUNDATION FOR THE DIOCESE OF GREENSBURG, PENNSYLVANIA

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2019 AND 2018

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2019 or 2018.

Mutual Funds: Valued at the actively traded value of shares held by the Foundation at year-end.

Government Agencies, Equities, and Corporate Bonds: Valued at the quoted fair market value for securities held by the Foundation at year-end.

Beneficial Interest in Trusts: Valued at the quoted fair market value for shares held by Third-Party Trustees.

Gift Annuities: Valued at the present value of the Life Interest at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the

fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Commitments and Contingencies

A separate but related entity, the Diocese of Greensburg, received a grand jury subpoena in September 2016 (issued by the Pennsylvania Office of Attorney General (“OAG”)) seeking documents related to child sexual abuse in Diocesan possession. The subpoena was issued as part of a statewide criminal investigation being conducted by the OAG on the issue of child sexual abuse; the Diocese of Greensburg was one of six dioceses in the Commonwealth known to have received grand jury subpoenas. In response, the Diocese of Greensburg provided tens of thousands of pages of records to OAG. In April 2018, the grand jury concluded its work and issued an 884-page Grand Jury Report. After a number of individuals specifically identified in the Report lodged legal challenges to the accuracy and integrity of the Report, the State Supreme Court ordered the release of an interim, redacted version of the Grand Jury Report in August 2018. Appended to the Grand Jury Report is a written response from the Diocese. That response highlights the fact that the Diocese takes the protection of all children and young people seriously. Names and facts of any allegation of misconduct are (and will continue to be) reported immediately to the proper civil authorities. A longstanding policy of zero tolerance has been and continues to remain in

place in the Diocese so that anyone who has a criminal history of child abuse or a credible allegation of child abuse has been removed from ministry, employment, or their volunteer position. Every report of suspected abuse of a child or young person – sexual, physical, and emotional – made to the Diocese is immediately reported to the PA ChildLine and the appropriate District Attorney.

In addition, in October 2018, that same but related entity, the Diocese of Greensburg, received a new federal grand jury subpoena issued by the United States Attorney's Office for the Eastern District of Pennsylvania, again seeking documents related to child sexual abuse in Diocesan possession. This new federal subpoena has been issued as part of a statewide criminal investigation being conducted by the United States Department of Justice on the issues of child sexual abuse. All eight Catholic rite dioceses in the Commonwealth are known to have received the same federal grand jury subpoena. The projected duration and ultimate outcome of this new federal investigation is unknown. Because of the secrecy obligations attendant to a grand jury investigation, the Diocese of Greensburg is prevented from providing further information about the investigation at this time.

The Diocese of Greensburg announced a Comprehensive Reconciliation Initiative (Initiative) in February, 2019, to help survivors of clergy sexual abuse. The Diocese of Greensburg Self-Insurance Fund is absorbing the expense of this Initiative, and because the Foundation is a separate corporate entity, its assets would not be subject to the reach of the Diocese of Greensburg's general creditors.

8. Expenses

The Foundation provides gift and endowment management services to various entities of the Diocese. Expenses on a functional and natural basis are as follows:

9. Liquidity and Availability

The Foundation manages its liquid resources through prudent investment portfolio management to ensure the entity has adequate funds to cover the monthly returns being distributed, as well as administrative costs. The Foundation prepares detailed budgets and has been very active in fiscal management to ensure the entity remains liquid.

Endowment funds consist of donor-restricted endowments and funds designated by the Board of Trustees (Board) as endowments. Donor-restricted endowment funds are not available for general use.

Board-designated endowments may be subject to potential annual appropriation to the operating budget, if and when approved annually by the Board as part of its budget process. Although the Foundation does not intend to spend from the corpus of these Board-designated endowments (other than amounts appropriated for general or program initiative expenditures as part of the Board's annual budget approval), these amounts could be made available if necessary.

As part of its liquidity management plan, the Foundation invests in cash in excess of daily requirements in short-term investments, and money market funds. The Foundation manages its cash, short-term investments, and money market funds to ensure that sufficient cash is available to cover operating expenditures and liabilities as they come due. This includes, among other items, the total return distributions on donor-restricted endowments, which may fluctuate greatly between years.
